Forecast For Wales
Issued by Met Office Exeter
at 1600 on Tuesday 21 Sep 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Mostly fine and dry for tonight and on Wednesday.

This Evening and Tonight:
Dry with clear spells through the evening. Remaining dry through the night with low cloud arriving from the west and fog patches likely to form during the early hours. Breezier towards the north. Minimum temperature 6 deg C (43 deg F).

Wednesday:
Any early mist or fog will soon clear, leaving a warm, dry day with plenty of sunshine and some patchy cloud. Largely cloudy overnight with patchy rain arriving later. Maximum temperature 20 deg C (68 deg F).

Outlook for Thursday to Saturday:
Cloudier than of late with some patchy rain possible, particularly towards the north and west. Some drier and brighter weather, especially towards the southeast. Breezy at times.
